Mr. Richard Ng  
Federal Election Commission  
999 E Street, NW  
Washington, DC 20463

Dear Mr. Ng,

This letter is in response to your letter regarding our 12 Day Pre-General Report (10/1/98 - 10/19/98).

In regard to Items 1 and 2: The correct amount, \$56,639.20 now appears on the Detailed Summary Page, which corrects items 1 and 2. The corrected page is attached.

In regard to Item 3 and 4: The incurred expense to "various radio stations" on Schedule D was not incurred until the reporting period for the 12 Day Pre-General Report. We had to estimate the cost at that time. Those bills were subsequently paid and reported in our next report, the 30 Day Post-Election Report and includes the names and addresses of all radio stations from which we purchased ad time. In regard to the expenditure paid to Wisconsin Right to Life, I addressed that issue in my letter regarding our October Quarterly Report (8/20 - 9/30/98) under item 3. I realize this has been confusing and I truly apologize for the error. This is also the reason that you inquired about why the A to Z Printing expense did not appear on this report (item 4 of your letter).

In regard to Item 5: I have added the missing addresses and the corrected page is enclosed.

In regard to Item 6: You also brought up this issue in regard to our October Quarterly Report (8/20 - 9/30/98) and I will re-state our response. As we have previously discussed, our organization had completely switched to a new office-wide computer system. The program that the company had developed to record contributions was inadequate because it did not have a category for aggregate contributions. Our staff tried to "fix" the program but we ended up
